

Customise & Personalise your Heatleys Products

In addition to safety and industrial items, Heatleys' offer a full suite of branding solutions catered to your business' needs.

Our custom embroidery module means you can easily upload, design and order uniforms at your own fingertips. We can personalise your products by directly engraving or printing your logo or provide customised branded tape.

Embroidery

Our custom embroidery module means you can easily upload, design and order your uniforms all in one place. Heatleys' online embroidery store offers a completely customisable experience and saves you time with individual uploads of employee names and logos.

HEAT

Laser Etching & Engraving

Customise or help identify your tools and other capital equipment with Heatleys' laser etching and engraving service.

This service is ideal for customers who want their logo, part or asset control number on their tools or equipment and without worrying about it fading or rubbing off.

Custom Tapes

Heatleys can also customise your products, promotional items, tapes and packaging. With a 70% market share in Australia, we offer a wide range of adhesive tapes and packaging products including custom colours printing and branding. By ordering through Heatleys, you can gain access to customised tape printing via our on-site manufacturing equipment.

Embroidery Solutions

Online Embroidery Store

Our Online Embroidery Store is like no other and offers a completely customisable experience. Do not waste time with individual uploads of employee names and logos.

Heatleys' embroidery service can cater for bulk uploads, customised positioning, colouring and sizing of logos and text and provides an efficient and easy shopping experience by saving all your uploads, ready for your next order.

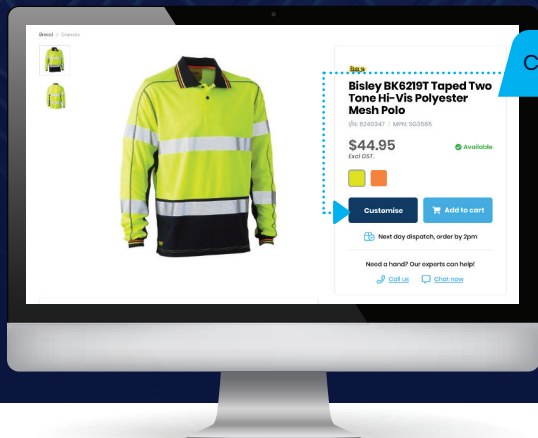

How it works

Our online embroidery store is a user-friendly system designed to save you time and hassle of any back and forth with a representative, explaining your embroidery needs.

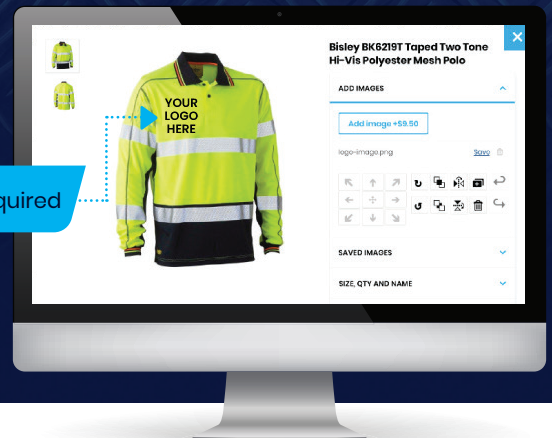

By following these simple steps, you can arrange all your embroidery in one place, in one order.

- **Customisation** - before you add your chosen items to your shopping cart, click on the "customise" button to add embroidery to your order.
- **Upload hi res images** of your logo and position exactly where you want your logo to appear on the product.
- **Bulk upload** employee names and customise colours, sizes and fonts.
- **Save time** - our embroidery store saves all your uploads, saving you time on your next order.
- **Simple check out** - the cost of the embroidery will be added to your total so you know exactly how much it will be before adding items to your cart and finalising the payment.
